

UO-601

MULTI-GUARD Advance Water Filtration Series

ACUO
we care about the water you drink

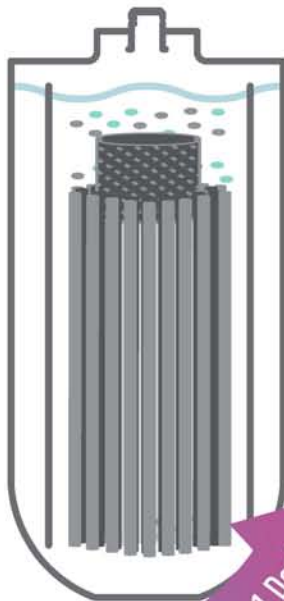

Φ101 x H270 (mm)

FILTRATION CAPACITY

22000

Liters!

Bacteria & Virus Capture Rate up to **99.99%!**

MULTI-GUARD 3-in-1 Design

1
Stage

Filter media with Electro-Adsorption fibers which proactively capture sediments, heavy metals, bacteria and viruses!

2
Stage

Silver-lined Powdered Activated Carbon with exceptional absorption rate of chloride, pesticides, etc... chemical pollutions, and at the same time prohibits bacterial growth.

3
Stage

NSF-401 Certified Block Activated Carbon not only encompasses the functions of regular Carbon, but also rids emerging contaminants such as pharmaceutical residues, BPA, VOCs, etc... which adversely affect health when present in drinking water.

PLEATED FILTER
Increase Surface Area

** NSF42 and NSF61 Certified by WQA*

SPECIFICATIONS

Model No.	Filter No.	Filter Type	Working Pressure	Temp. Limit	Installation
UO-601	UF-692	MULTI-GUARD 3-in-1 Filter	1.5 - 3kg/cm ²	1 - 40°C	Diverter Valve and Mounting Plate included for Counter-Top or Wall Mounted installation. (Under-Counter installation pack available)

UO-602

MULTI-GUARD Advance Water Filtration Series

ACUO
we care about the water you drink

Encased Design with Additional Filter Guard

W290 x D120 x H270 (mm)

DESIGNER CASING

Easy to clean, the matte white finish adds elegance and style to the protection casing.

304 STAINLESS STEEL FAUCET

180 degree turn allows usage at any direction.

MULTIPLE INSTALLATION

Wall-Mounted, Counter-Top or Under-Counter.

Upgrade Your System! Optional additions for better quality water.

UO-601PP

5 micron P.P. Filter
Suitable as the first stage to rid sediments and larger particles in water.

UO-601RES

Resin Filter
Softens water to minimize calcification. Filter material results in neutral pH and is NSF/ANSI 61 certified by WQA.

SPECIFICATIONS

Model No.	Filter No.	Filter Type	Working Pressure	Temp. Limit	Installation
